

South Chapter Welcomes All for Yet Another Insightful Webinar on a Topic All Want to Discuss and Understand More...

As Monthly Webinar Series Continues with the unfolding of this Brand New Year 2022!!!

“NDCT RULES 2019 UNRAVELLED- CHALLENGES IN ADOPTION AND IMPLEMENTATION”

It has been about three years since all stakeholders involved with clinical research have been complying with the NDCT Rules 2019. While the rules have provided clarity on various aspects, there are still areas where there are challenges associated with seamless adoption and implementation. Many of us have questions on how these challenges can be circumvented.

On popular request, we will revisit the rules through this much awaited Webinar!

A Well Recognized Expert, Veteran Clinical Researcher and Senior Member of the Fraternity, Dr. Arun Bhatt, has graciously agreed to provide insights on this topic!!!

DR. ARUN BHATT
Consultant - Clinical Research & Drug Development

Speaker

DR. RADHIKA BOBBA
*Regional Director-India & Far East
PSI-CRO*

Moderator
