

Indian Society for Clinical Research

On the occasion of International Clinical Trial's Day

21st May 2022

ISCR North Chapter Brings Forth a Webinar On

Decentralised Clinical Trials

(The next generation patient centric clinical trials)

INTRODUCTION:

Over the past few years Clinical Research has entered a new era that allows us to leverage on both Patient Centricity and Digital Innovation also referred to as Decentralised Clinical Trials-fully or hybrid a concept that has been accelerated by the pandemic.

The use of a wide range of technologies such as eConsent, teleconsultations, sensors, devices, and electronic patient diaries enables more patient-centric trials conducted to a larger population by conducting the clinical trial remotely in a participant's home rather than at the clinic. A decentralized approach, though a promising future for Clinical Trials still poses both possibilities and challenges from a patient, investigator, and sponsor perspective.

Join us at this Webinar organized by ISCR North Chapter, where industry thought leaders along with study participants will share their insights and experiences with decentralized trials and the leverage of digital solutions that are allowing to adopt a patient-centric focus when creating and running clinical trials.

SCOPE: ISCR Members and fellow Clinical Research colleagues within the North Chapter

TARGET AUDIENCE: We invite CRAs, Sr. CRAs, CRA line manager, CRC, study coordinator, Investigators, Ethics committee Members, Regulatory professionals, and other related site staff, aspiring young clinical research professionals to join us for this session

Time	Topic
10:00 am – 10:15 am	<p>Introduction Welcome & opening remarks ISCR North Chapter Chair, Sneha Gupta</p>
10:15 am – 10:40am	<p>Session1 Decentralised clinical trials – way to move forward Sarang Vinze Associate Director- Site & Patient Services, IQVIA</p>
10:40 am - 11:05 am	<p>Session 2 Participant Perspective on DCTs Session Moderator: Priyadarshini Arambam</p> <p>Ms Thiyam Kananbala</p>
11:05 am – 12:00 pm	<p>Session 3 Panel discussion – Understanding decentralized clinical trials and why are they here to stay Panel Moderator – Shubhra Bansal</p> <p>Panel members</p> <ul style="list-style-type: none"> • Dr. Nivedita Gupta, Scientist 'F' & In-charge Virology Unit, ICMR (Invited) • Anirban Roychoudhary, VP, Clinical Research, and Pharmacovigilance, Bharat Serums and vaccines Ltd. • PI-Dr Suninder Singh Arora & CRC-Ms Nagma Khan • Ms Thiyam Kananbala , Study Participant • Manuj Vangipurapu , CEO, Clinion • Aman Thukral, Director, Clinical Systems And Digital Operations at AbbVie • Shweta Pradhan, Director, Clin Ops, IQVIA, • Ms Rutuja Joshi, Member Secretary EC
12:00 pm -12:10 pm	<p>Summary and Thought sharing ISCR North Chapter Co-Chair, Rahul Chauhan</p>
12:10 pm - 12:15pm	<p>Vote of Thanks Parveen Jain</p>
