# Invitation

Academic Consortium for Clinical Research in India (ACCRI)  
Invites application for

## 4th National Awards

for  
**Excellence in Academic Clinical Research**  
at the

16th Annual ISCR Conference, 23rd - 25th February 2023

### BACKGROUND

The Indian Society for Clinical Research (ISCR) is a 17-year-old not-for-profit body of all stakeholders in clinical research. **The Academic Consortium for Clinical Research in India (ACCRI)** is an initiative of ISCR formed to strengthen clinical research in academic institutions. To further motivate academic clinical researchers, ISCR invites applications for the Fourth National Award for Excellence in Academic Clinical Research.

“Last date  
10th November  
2022”

### ELIGIBILITY

- Faculty of Medical, Dental, Nursing or Pharmacy colleges under three categories: Early, Mid and Senior.
- Staff working in academic institutions, hospitals or NGOs in India are eligible. Those in industry are not eligible.
- The research submitted for this award should be original (involving enrolment of patients in clinical study) and completed in the last 3 years (2020, 2021, 2022) with results available for presentation.
- The Principal Investigator or the Co-investigator (with approval from the Principal Investigator can apply)
- The Research must be conducted in India (fully or partly) and addressed treatment, diagnosis or prevention.
- The research work may or may not have been presented or published yet.
- The research project can be either an observational or interventional study.
- If selected for the award, applicant must present results in person at New Delhi at the 16th ISCR conference in February 2023.
